TARIFF FORMAT

Page Numbering - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1.

Page Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the AZ C.C. For example, the 4th revised Page 14 cancels the 3rd revised Page 14.

Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2.
- 2.1.
- 2.1.1.
- 2.1.1.A.
- 2.1.1.A.1.
- 2.1.1.A.1.(a).
- 2.1.1.A.1.(a).I.
- 2.1.1.A.1.(a).I.(i).
- 2.1.1.A.1.(a).I.(i).I.

Check Sheets - When a tariff filing is made with the AZ C.C., an updated check sheet accompanies the tariff filing. The check sheet lists the pages contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some pages).

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)**2.5 Interruption of Service**

Credit allowance for the interruption of service which are not due to the Company's inspection or testing, to the negligence of the Customer, or to the failure of channels, equipment and/or communications systems provided by the Customer, are subject to the general liability provisions set forth in this tariff.

It shall be the obligation of the Customer to notify the Company immediately of any interruption in service for which a credit allowance is desired by the Customer. Before giving such notice, the Customer shall ascertain that the trouble is not within his or her control, or is not in wiring or equipment, if any, furnished by Customer.

Interruptions caused by Customer-provided or Company-provided automatic dialing equipment are not deemed an interruption of service as defined herein since the Customer has the option of using the long distance network via LEC access.

No credits will be given for usage sensitive or message rated toll charges due to interruption of service. For services with a monthly recurring charge, no credit shall be allowed for an interruption of continuous duration of less than twenty-four hours.

For purposes of credit computation every month shall be considered to have 30 days. The Customer shall be credited for an interruption of one day (24 hours) or more at the rate of 1/t of the monthly charge for the services affected for each day that the interruption continues.

Credit Formula:

$$\text{Credit} = A/30 \times B$$

A = outage time in days

B = total monthly charge for affected service

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)**2.8 Taxes and Fees, (cont'd.)****2.8.3 (cont'd.)****ORIGINAL****A. Public Pay Telephone Surcharge**

In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan effective on October 7, 1997 (FCC 97-37 1), an undiscountable per call charge is applicable to all interstate, intrastate and international calls that originate from any domestic pay telephone used to access the Company's services. The Public Pay Telephone Surcharge, which is in addition to standard tariffed usage charges and any applicable service charges and surcharges associated with the Company's service, applies for the use of the instrument used to access the Company service and is unrelated to the Company's service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Public Pay Telephone Surcharge applies to the initial completed call and any reoriginated call (i.e., using the "#" symbol).

Whenever possible, the Public Pay Telephone Surcharge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the Public Pay Telephone Surcharge may be billed on a subsequent invoice after the Company has obtained information from a carrier that the originating station is an eligible pay telephone.

The Public Pay Telephone Surcharge does not apply to calls placed from pay telephones at which the Customer pays for service by inserting coins during the progress of the call. Unless otherwise specified in this tariff, the following Pay Telephone Surcharge applies as described herein:

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)**2.11 Cancellation or Interruption of Services**

2.11.1 Without incurring liability USAN may, after providing five (5) days notice of discontinuance of service to a Subscriber, discontinue service or withhold the provision of ordered or contracted services:

1. For nonpayment of any sum due USAN for more than thirty days after issuance of the bill,
2. For violation of any of the provisions of this tariff,
3. For violation of any law, rule, regulation or policy of any governing authority having jurisdiction over USAN, or
4. By reason of any order or decision of a court, public service commission or federal regulatory body or other governing authority prohibiting USAN from furnishing its services.

2.11.2 Without incurring liability, USAN may interrupt the provision of services upon mutually agreed terms in order to perform tests and inspections to assure compliance with tariff regulations and the proper installation and operation of Subscriber and USAN's equipment and facilities and may continue such interruption until any items of non-compliance or improper equipment operation so identified are rectified.

2.11.3 Service may be discontinued by USAN, after providing five (5) days notice to the Subscriber, by blocking traffic to certain countries, cities, or NXX exchanges, or by blocking calls using certain Customer authorization codes, when USAN deems it necessary to take such action to prevent unlawful use of its service. USAN will restore service as soon as it can be provided without undue risk, and will, upon request by the Customer affected, assign a new authorization code to replace the one that has been deactivated.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.12 Service Termination

When necessary, the Company will provide five (5) working days advance notice of service termination.

2.13 Payment

The Customer is responsible for payment of all charges for services and equipment furnished to the Customer for transmission of calls via the Company. The Customer agrees to pay to the Company any cost(s) incurred as a result of any delegation of authority resulting in the use of his or her communications equipment and/or network services which result in the placement of calls via the Company. The Customer agrees to pay the Company or its authorized agent any and all cost(s) incurred as a result of the use of the service arrangement, including calls which the Customer did not individually authorize.

All charges due by the Customer are payable to the Company or any agency duly authorized to receive such payments. Terms of payment shall be according to the rules and regulations of the agency and subject to the rules of regulatory agencies, such as the AZ C.C. Any objections to billed charges must be promptly reported to the Company or its billing agent. Adjustments to Customers' bills shall be made to the extent that circumstances exist which reasonably indicate that such changes are appropriate.

Charges for installations, service connections, moves, and rearrangements, where applicable, are payable upon demand by the Company or its authorized agent. The billing thereafter will include recurring charges and actual usage as defined in this tariff.

The Customer shall be responsible for all calls placed by or through Customer's equipment by any person. In particular and without limitation to the foregoing, the Customer is responsible for any calls placed by or through the Customer's equipment via any remote access features. The Customer is responsible for all calls placed via their authorization code as a result of the Customer's intentional or negligent disclosure of the authorization code. This includes payment for calls or services originated at the Customer's number(s); incurred at the specific request of the Customer.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)**2.14 Return Check**

The Company reserves the right to assess a return check charge of up to \$20.00 whenever a check or draft presented for payment of service is not accepted by the institution on which it is written. This charge applies each time a check is returned to the Company by a bank for insufficient funds. Any applicable return check charges will be assessed according to the terms and conditions of the Company or its billing agent and pursuant to Arizona state law.

2.15 Late Payment Fee

The Company reserves the right to assess a late payment fee of 1.5% per month on any past due balance. A balance is considered past due if unpaid thirty (30) days following the date of the bill listing amounts owed by the Customer. Any applicable late payment fees will be assessed according to the terms and conditions of the Company or its billing agent and pursuant to Arizona state law.

2.16 Other Rules

The Company may temporarily suspend service without notice to the Customer, by blocking traffic to certain cities or NXX exchanges, or by blocking calls using certain Personal Account Code when the Company deems it necessary to take such action to prevent unlawful use of its service. SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)**3.2 Calculation of Distance**

Usage charges for all mileage sensitive services are based on the airline distance between the rate center locations associated with the originating and terminating points of the call.

The distance between the originating and terminating points is calculated by using the "V" and "H" coordinates of the applicable rate centers as defined by BellCore (Bell Communications Research) and on file with the FCC in AT&T FCC Tariff No. 10, in the following manner:

Step 1 • Obtain the "V" and "H" coordinates for the rate center of the originating and the destination points.

Step 2 • Obtain the difference between the "V" coordinates of each of the rate centers. Obtain the difference between the "H" coordinates.

Step 3 • Square the differences obtained in Step 2.

Step 4 • Add the squares of the "V" difference and "H" difference obtained in Step 3.

Step 5 • Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.

Step 6 • Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the originating and terminating rate centers of the call.

Formula:

$$\sqrt{\frac{(V_1 - V_2)^2 + (H_1 - H_2)^2}{10}}$$

SECTION 3 • DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

3.3 Timing of Calls

Billing for calls placed over the network is based in part on the duration of the call.

- 3.3.1 Timing for all calls begins when the called party answers the call (i.e. when two way communications are established). Answer detection is based on standard industry answer detection methods, including hardware and software answer detection.
- 3.3.2 Chargeable time for all calls ends when one of the parties disconnects from the call.
- 3.3.3 Minimum call duration for billing purposes is one minute unless otherwise specified in the individual rate schedules of this tariff.
- 3.3.4 Calls are measured and billed in one minute increments unless otherwise indicated in this tariff. Any partial minute is rounded up to a full minute.
- 3.3.5 No charges apply to incomplete calls.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (Cont'd.)**3.7 Operator Services**

Operator Services allow Customers and Consumers to place calls using operator assistance for call completion or billing.

Usage charges and an appropriate service charge will be assessed on a per call basis, as stated in this tariff. For calls made using a USAN Card Service or LEC and/or Calling Card, acceptance of the card will be dependent upon the Company's ability to verify the card as valid. Only those cards accepted by the Company may be used to bill the Company's services. The Company reserves the right to verify acceptance of charge prior to billing charges to a third party number.

- 3.7.1** Operator Services may be used by a Customer and by an Aggregator and their respective Consumers (i.e., patrons, guests, invitees or employees) to complete Person to Person, Collect, Third Party, Calling Card, and/or USAN Card Service Card calls.
- 3.7.2** Charges for Operator Assisted Calls include two components: a usage-sensitive component and a fixed per-call service charge based upon the type of operator service provided. A third component, the Operator Assisted 0- Surcharge, applies to calls for which the Customer or Consumer has the capability of dialing the destination number but elects to have the Company operator dial the number instead.
- 3.7.3** The usage-sensitive portion of the charge for an Operator Assisted Call is set forth in Section 3.7.8 below.
- 3.7.4** The fixed per-call service charge portions of the charge for an Operator Assisted Call is set forth in Sections 3.7.7 below.
- 3.7.5** An Operator Transfer charge applies to completed calls when the Consumer dials 0-, reaches a local exchange operator and asks to place an interLATA call using the services of USAN. The charge is specified in Section 3.7.6 below.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (Cont'd.)**3.7 Operator Services, (cont'd.)**

- 3.7.6 Service may be suspended by the Company, without notice to the Customer or the Aggregator, by blocking traffic to certain countries, cities, or NPA-NXX exchanges, or individual telephone number, or by blocking calls using certain Customer Authorization Codes, USAN or LEC, Calling Cards or Charge Cards, when the Company deems it necessary to take such action to prevent unlawful use of service. The Company shall restore service as soon as it can be provided without undue risk, and shall, upon request by the Customer affected, assign a new Authorization Code to replace any USAN Authorization Code that has been deactivated. The Company reserves the right to validate the credit worthiness of Customers through available Charge Card, USAN Card service, Calling Card, collect, Third Party telephone number and room number verification procedures. Where a requested billing method cannot be validated, the Customer or Consumer may be required to provide an acceptable alternate billing method or the Company may refuse to place the call.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (Cont'd.)**3.8 Busy Line Verification and Interrupt**

Busy Line Verification and Interrupt services are offered in areas where the service may be obtained from the local exchange carrier.

With Busy Line Verification (BLV), the USAN operator will contact the LEC operator to determine if the called number or line is in use. Only one BLV will be made per telephone call and an associated service charge will apply whether or not conversation was detected on the line. The operator will not complete the call for the Customer initiating the verification request. The following service charge will apply per BLV request.

Busy Line Interrupt (BLI) allows the USAN operator to contact a LEC operator to interrupt a telephone conversation in progress, upon the caller's request and after a Busy Line Verification occurs. Upon the caller's request, the USAN operator will contact the LEC operator, who will interrupt the busy line and inform the called party that there is a call waiting from the caller. The LEC operator will not complete the call, but will only inform the called party of the request. If the call is released the USAN operator will offer to complete the call for the Customer initiating the interrupt request. The following service charge will apply per BLI request. Applicable per minute charges will apply to the completed call. Only one BLI attempt will be made per telephone call and a charge will apply whether or not the called party releases the line.

	<u>Maximums</u>
a. Busy Line Verification, per request	\$ 3.00
b. Busy Line Interrupt, per request	\$3.00

When a call is subject to more than one of the service charges listed above, only the highest service charge applies.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (Cont'd.)**3.9 Prepaid Card Service**

Prepaid Card Service allows Customers to place direct dialed calls between locations within the state. Customers access the USAN network by dialing a Toll Free (i.e. "800/888) number or other access dialing sequence and entering a Personal Account Code.

The Company's system informs the Customer of the Available Usage Balance remaining in his/her Prepaid Account and prompts the Customer to place a call by entering a destination telephone number. Network usage for calls placed is deducted from the Available Usage Balance in the Customer's account on a real time basis as the call progresses. Customers purchase a Prepaid Card which assigns each Customer a Prepaid Account, provides each Customer with a Personal Account Code and lists instructions for accessing and using Company's service. Prepaid Cards are available in varying denominations.

Purchase of a Prepaid Card entitles the Customer to use the USAN network for a number of minutes equivalent to the card denomination divided by the effective per minute rate. The Customer's right to utilize network usage within a given Prepaid Account expires one year after issuance and activation of the Prepaid Card associated with that Prepaid Account number. No minimum service period applies. Payment for Prepaid Card Services and any Available Usage in a Customer's Prepaid Account is nonrefundable. Any unused balances will be applied toward renewal value of the card account.

Prepaid Card service rates are not distance or time of day sensitive. Holiday discounts do not apply. Network usage for Prepaid Card Calls is deducted from the Available Usage Balance in Customer's Prepaid Account in full minute increments. For debiting purposes, the minimum call usage is one (1) minute; one domestic minute is equal to one unit.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (Cont'd.)**3.9 Prepaid Card Service, (Cont'd.)****3.9.3 Prepaid Card Rates**

USAN Prepaid Card rates and charges are composed of five rate elements: a per call service charge which applies each time the Prepaid Card is utilized to place a call, a per minute rate, a storage fee, a pay telephone surcharge and an optional dialing assistance surcharge. The storage fee applies after the date specified in the table below. The pay telephone surcharge applies only when a Prepaid Card is used to place a call from a pay telephone. The pay telephone surcharge listed in this section is in lieu of the rate shown in Section 2.8.3.A of this tariff. The dialing assistance surcharge applies when the Customer requests the help of a USAN representative to dial the destination telephone number. Intrastate rates for each component may vary based on the type of card purchased by the Customer as listed below:
